

Signature  
brand fertilizer

Foliar Nutrients

## STARLINE® PRODUCT LINE

**Product Overview:** *StarLine® is a premium line of liquid fertilizers, formulated with the highest quality materials. StarLine formulates a variety of NPK's as well as unique single element materials, using liquid methylene urea and other elemental forms to induce programmable and predictable growth based on plant needs.*

*StarLine products can be tank mixed with a variety of pesticides and other nutritionals for safe use. Rest assured that StarLine products are designed with the lowest salt potential and correct pH for maximum plant safety. When safety and quality are demanded, take confidence with StarLine products.*

### Formulations:

*StarLine 28-0-0 (72% slow release nitrogen)*

*StarLine 18-3-6 (50% slow release nitrogen)*

*StarLine 23-3-3 (50% slow release nitrogen)*

*StarLine 14-2-14 (50% slow release nitrogen)*

*StarLine 25-0-0 (40% slow release nitrogen)*

*StarLine 2-0-26 (potassium acetate) Premium foliar potassium*

*StarLine 0-0-25 (potassium thiosulfate) Premium potassium with sulfur*

*StarLine 10% Calcium (calcium acetate) Premium foliar calcium*

*StarLine 10% Silica (potassium silicate) Premium foliar silicate*

*When using different liquid fertilizers and pesticides, always check compatibility before applying spray. StarLine products are extremely safe, but when mixed with other materials it is always recommended to jar test and test spray before applying large volumes.*

Always Read and Follow Label Directions.
